

Reporting Tool

REPORTING GUIDE

15 DECEMBER 2022

Introduction

The reporting tool's reporting process is a three-stage process that involves the creation / submission of a report, the review of the report and the eventual publishing of the data contained within the report. This document covers the first part of this process - being that it is the key process that will be used by MSP partners in reporting.

The latter parts of the process will be carried out by administrative users at the county or national levels. This document also points out the best environment to run the reporting module.

Prerequisites

The table below summarizes the key requirements that we need to use the system

Requirement	Specifications
System	The system must have been installed and made publicly available online

Recommended Usage Environment

Browser Requirements

The Monitoring System has been developed to deliver an application's graphical user interface through any HTML5/WebGL compatible browser. Performance varies by browser, with **Mozilla Firefox** delivering the best overall experience. We test on the latest version of each browser and recommend end users use the latest version as well. If, for some reason, one cannot update to the latest version we recommend using the most stable release option available.

Network Requirements

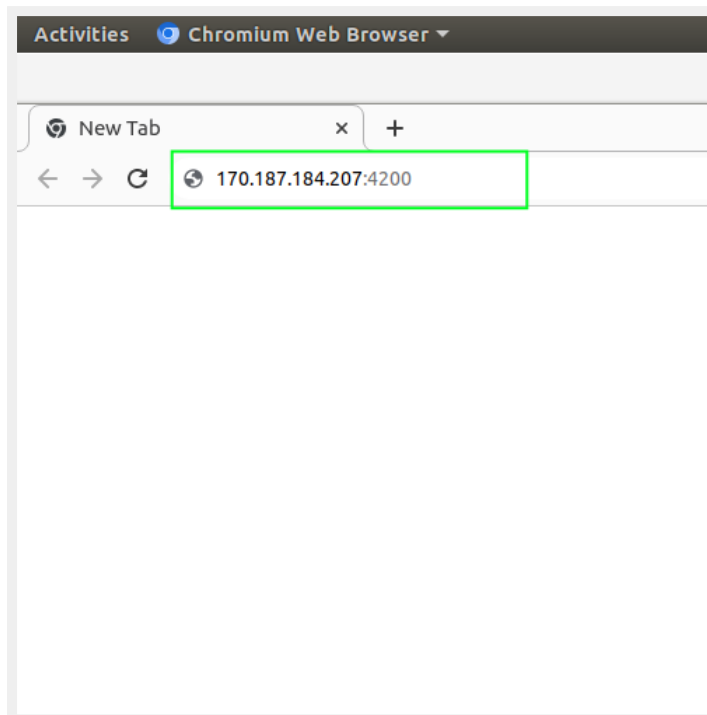

The following requirements must be met in order to successfully connect to and use the Reporting Tool:

	Aspect	Minimum Requirement
1.	Internet Down Speed	10Mb/s
2.	Internet Up Speed	2Mb/s

Reporting

Drafting a Report

This section highlights how you can go about reporting on the system given that you have reporting rights.

1. Open your browser and type the system's address 170.187.184.207:4200

2. Click the **“GET STARTED”** button to launch the login page.

The image shows a login interface. At the top, the word "Login" is centered in a large, dark font. Below it, there are two input fields. The first is labeled "Email" and contains the text "mary@gmail.com". The second is labeled "Password" and contains six dots. To the right of these fields is a green button with the word "LOGIN" in white capital letters. At the bottom of the form, there is a link that says "Need an account? Sign up! | Forgot your password? Recover it!" in a smaller, blue font.

3.Enter your email address / password and click **“LOGIN”**.

The image shows a reporting interface. On the left, there is a sidebar with a header "REPORTING" and a button labeled "Reports" with a gear icon. The main content area on the right has a green header "Data Forms" and a sub-header "The draft and submit". Below this, there is a green box with the text "Data Fo" and "No ready c". At the bottom of the green box, it says "In order to rep".

4.Click **“REPORTS”** to access your reporting window. There you will have access to all the forms assigned to you for reporting.

Data Forms Responses

The draft and submitted data forms responses as at different reporting periods

The screenshot shows the 'Data Forms Responses' interface. At the top, there's a header with the title and a subtitle. Below the header, there's a 'Form' dropdown menu with 'Household Survey Form' selected. A green box highlights the dropdown arrow button. Below the form, there's a green bar with the reporting period 'SAT, NOV 26 2022 - SUN, DEC 25 2022' and a folder icon. Below that, there's a pagination control with '1' selected. At the bottom, there's a '10 items per page' dropdown menu.

5. Click the “**DROPDOWN**” button to select the form that you want to report against.

Data Forms Responses

The draft and submitted data forms responses as at different reporting periods

The screenshot shows the 'Data Forms Responses' interface. The 'Form' dropdown menu is still 'Household Survey Form'. A green box highlights the 'EXPAND FOLDER' button (a folder icon) next to the reporting period 'SAT, NOV 26 2022 - SUN, DEC 25 2022'. The pagination control and '10 items per page' dropdown menu are also visible.

6. Click the “**EXPAND FOLDER**” button to see all the reports that have been previously submitted within the target reporting period.

Note

Forms are tied to a reporting period therefore all forms require to be submitted within their specific reporting periods.

Data Forms Responses

The draft and submitted data forms responses as at different reporting periods

The screenshot shows the 'Data Forms Responses' interface. The 'Form' dropdown menu is still 'Household Survey Form'. The reporting period 'SAT, NOV 26 2022 - SUN, DEC 25 2022' is shown. Below the reporting period, there's a 'Status' field with 'Open' and a search bar labeled 'Search by respondents names'. Below the search bar, there's a table with columns '#', 'LOCATION', and 'ACTIONS'. A green box highlights the 'ADD (+)' button in the 'ACTIONS' column.

7. Click the “**ADD (+)**” button to instantiate a new report.

Report ✕

Location

Choose Location

SAVE

8. Click the “**CHOOSE**” button to choose the location that you are reporting for.

Note

As a reporter, you are assigned the right to report for a certain location. This translates to having the right to report for that specific location and all levels underneath it. That is to say, if you are assigned to county x, you can report for that county and all sub counties and wards below it.

Select Administrative Unit Record ✕

Household Survey Form

Target Baringo

Status Draft

DATA COLLECTOR

Name * Mary

HOUSEHOLD SURVEY RESPONDENT

Name * John

Is respondent the household head? ☐ Yes ☐ No

SUBMIT

13. Click the **“SUBMIT”** button if you are confident that you are through filling all the required details; else click the **“CLOSE”** button

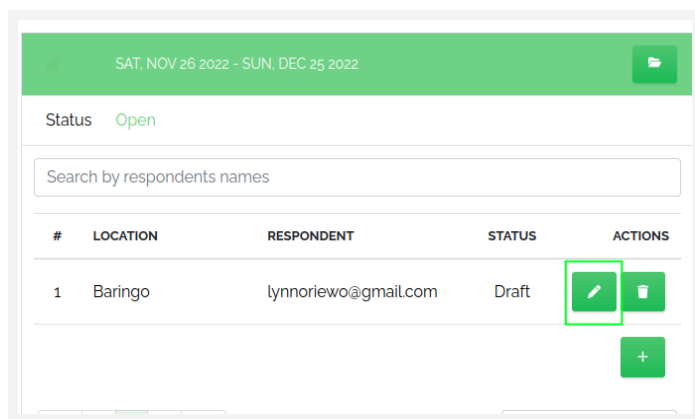

Note

In the event that you want to continue filling the form at a later time, click the close button at the top right corner of the form. This will retain your report as a draft and allow you to continue editing it later on

Please note that throughout the process, the system will autosave your work.

Updating a draft report

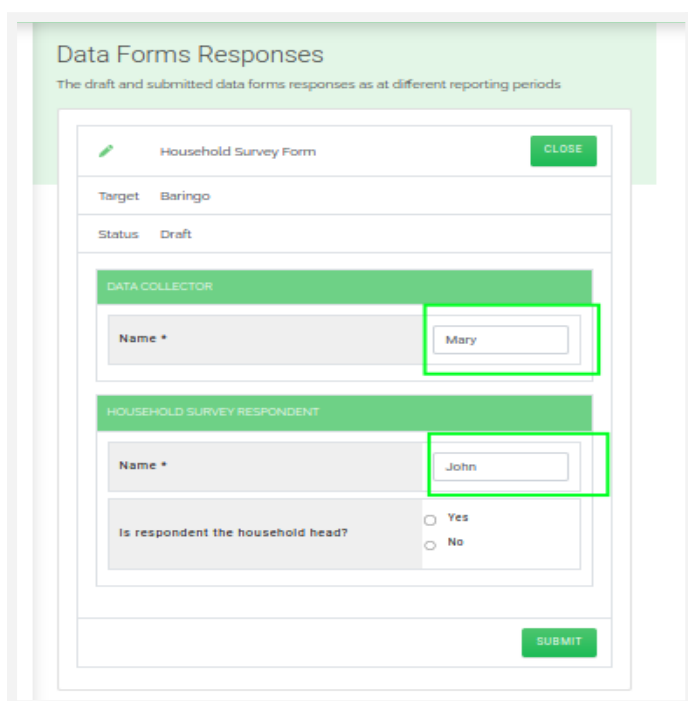

This section highlights how you can go about updating a draft report on the system given that you are its creator.

The screenshot shows a web interface for managing draft reports. At the top, a green header bar displays the date range "SAT, NOV 26 2022 - SUN, DEC 25 2022" and a document icon. Below this, the status is set to "Open". A search bar labeled "Search by respondents names" is present. A table lists draft reports with columns: #, LOCATION, RESPONDENT, STATUS, and ACTIONS. The first row shows a report for "Baringo" with respondent "lynnoriewo@gmail.com" and status "Draft". In the ACTIONS column, there is an "EDIT" button (pencil icon) and a "DELETE" button (trash icon). The "EDIT" button is highlighted with a green box. A "+" button is located at the bottom right of the table.

#	LOCATION	RESPONDENT	STATUS	ACTIONS
1	Baringo	lynnoriewo@gmail.com	Draft	EDIT DELETE

1. Click the “**EDIT**” button to continue working on your draft report.

The screenshot shows a "Data Forms Responses" section with a sub-header "The draft and submitted data forms responses as at different reporting periods". Below this is a "Household Survey Form" with a "CLOSE" button. The form has fields for "Target" (Baringo) and "Status" (Draft). It is divided into two main sections: "DATA COLLECTOR" and "HOUSEHOLD SURVEY RESPONDENT". In the "DATA COLLECTOR" section, the "Name *" field contains "Mary" and is highlighted with a green box. In the "HOUSEHOLD SURVEY RESPONDENT" section, the "Name *" field contains "John" and is highlighted with a green box. Below this, there is a question "Is respondent the household head?" with radio button options for "Yes" and "No". A "SUBMIT" button is at the bottom right.

Target: Baringo

Status: Draft

DATA COLLECTOR

Name *: Mary

HOUSEHOLD SURVEY RESPONDENT

Name *: John

Is respondent the household head?

☐ Yes

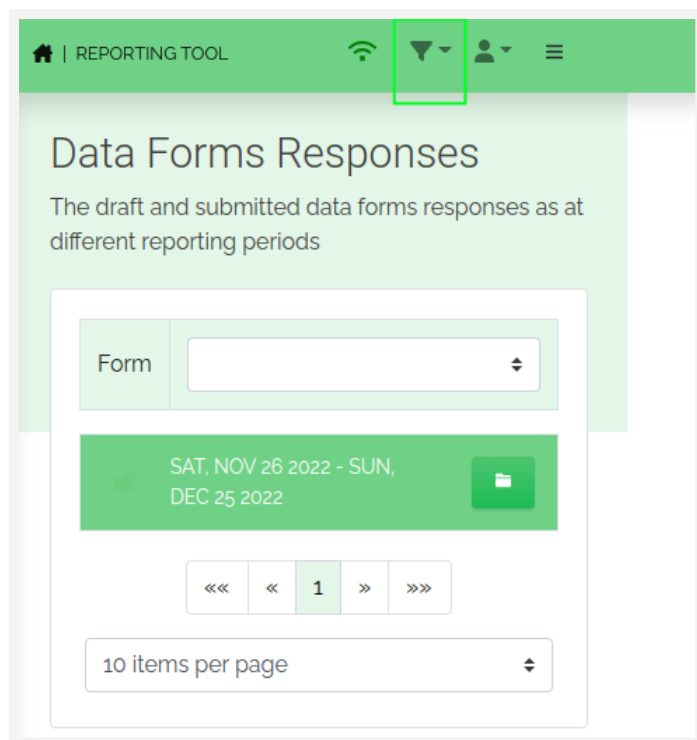

☐ No

SUBMIT

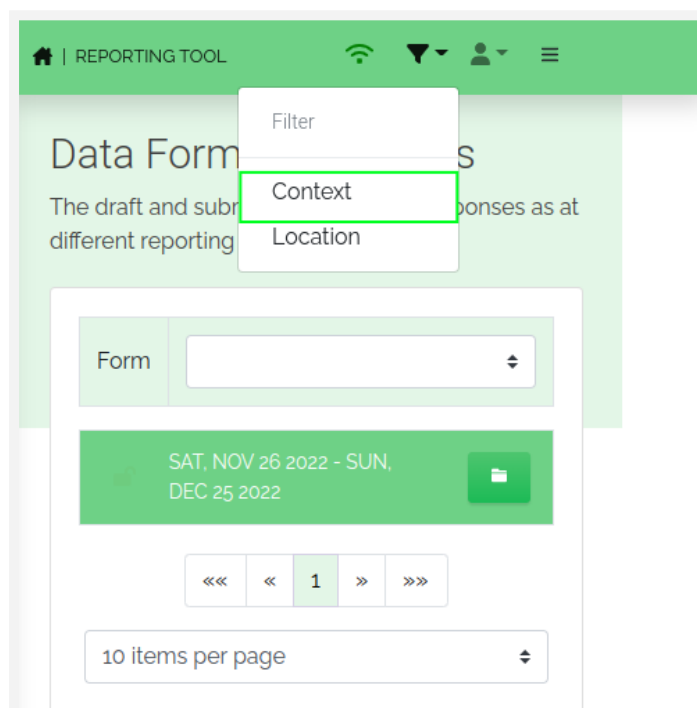

2. Make the appropriate changes and either close or submit the form.

Reporting under multiple contexts

This section highlights how you can switch between different contexts (project or programs) that you have been assigned to report in.

1.Click the “**FILTER**” button.

2.Click “**CONTEXT**”. This will launch a dialog for you to select the project or program that you want to report under.

In the event that you are assigned to just one context, the context filter will not appear.
